Degree Requirements

- You must have 120 credit hours, half of which (60), must come from a four year school.
- To graduate in four years (2 semesters a year) you should be taking at least 15 credit hours a semester (15 x 2 semesters = 30 x 4 years = 120).
- To graduate one semester early or in three years requires either increasing credit hours each semester, summer courses (online), or a combination of both.
- Think of the 120 credit hours in thirds (it is not exact – but close): 1/3 are your core requirements/liberal studies; 1/3 are your courses from your major; and 1/3 are electives.
- 24 of your credit hours must come from KWU and 12 of those hours must be criminal justice courses.
- Liberal studies courses must come from four different academic divisions.
- Your English/writing intensive courses must be passed with a C or above.
- You must have a cumulative G.P.A. of at least a 2.0
- You can have only one D in your major.
- Second majors and/or minors must be formally approved – your advisor can walk you through the process. The most common second major/minors are emergency management, psychology, and sociology.
