The official colors of Kansas Wesleyan University are purple and gold. These colors should be primary on all university collateral.

Use of consistent colors in our visual communications across print and web strengthens the identity of Kansas Wesleyan University. Great care has been taken to select exact colors for the university, and use of these colors is very important. You can find the proper color values to the left. Do not use other color variations without prior approval from MARCOM.

Teal is for use as an accent color and should be used sparingly.

RULES FOR CAMPUS FLYERS

If you are requesting the creation of a flyer, you should visit with MARCOM at least six weeks prior to the date you want the flyers in hand.

If the flyer is being created by a member of the university community:

1) As a general guideline, the dominant colors should be either KWU purple or gold (see left). Teal can be an alternate color. Another way to think of this is that the flyer should be “heavy” on these colors, and lighter on others. A flyer being on white paper and using these colors is fine. Please note that a black background with white text is NOT the KWU brand and is not authorized.

2) If the event is a university-level event (Homecoming, etc.), the KWU academic logo should appear on the document in some form. This logo can be retrieved from MARCOM. Please note that it is the Pioneer Hall logo WITHOUT windows.

3) The flyer should not have any fonts that can be considered “unique” and should be readable by anyone from a fair distance.

4) The flyer should contain all necessary information to follow the event (links, day/time, cost, location, etc.).

Guidelines for all users:

1) If the flyer is allowed, it must be posted with tape BEHIND it. You are advised by plant ops to use painter tape. Posting with the tape in front allows the flyer to flop around and become hard to read.

2) Flyers should not be posted on an academic-specific board (i.e. the career services board in the stairwell in Pioneer Hall) unless they pertain to that topic.

3) All fliers MUST pertain to a university event or topic. No flyer should be posted that appears to promote a cause without a university event or topic supporting it.

4) The requester (person making the flyer) is responsible for removing the flyers within two business days of the completion of the event. Failure to do so may result in loss of permission to post future flyers.

MARCOM and Student Development will share responsibility for approval of flyers and, at their discretion and without notice, reserve the right to remove any flyers that do not appropriately adhere to these standards. Individuals who have their flyers removed may be subject to loss of future posting or publicity privileges.

THE ACADEMIC LOGO

The academic logo is the primary visual identifier for the university and is used in all development, promotional, marketing, recruitment and outreach materials including, but not limited to, print, apparel and online communications.

DO NOT rearrange, stretch or alter KWU logos in any way.

The logo should not be redrawn, re-proportioned or modified in any manner. The elements should always remain together. Do not use drop shadows, bevels, animation, 3-D effects, embosses, glows or outlines on the logo. The Alumni Association logo is the only acceptable variation of the academic logo.

NOTE ▶ Please use **ONLY** the provided files of the logo; other versions you have may be outdated. Electronic logo files are available upon request from jean.kozubowski@kwu.edu.

No less than 1 inch

LOGO SIZE/SPACING

Size minimums are noted to ensure that the logo and logotype are legible and prominent in various media. The academic logo should never appear smaller than 1 inch wide.

The academic logo needs sufficient visual space so that its impact is not degraded. Items such as text, images or graphic elements should be kept away from the logo by a minimum distance of the height of the “K”; more space is always acceptable.

BACKGROUNDS

The purple/black logo is the preferred logo for use on white or lightly colored backgrounds. An all black logo is available for use when color is unavailable. The logo is also available in all purple for instances when purple is available but the addition of black is not.

The white logo is intended for use on colored backgrounds such as purple, black or dark gray.

There may be instances where the logo may need to be used on a photograph. The color or black version of the logo may be used on light photographs and the white version on dark photographs. Be sure that the logo is placed in an area of the photograph that provides sufficient contrast so that the appearance of the logo is not diminished in any way.

THE UNIVERSITY SEAL

The university seal is the traditional legal signature or imprimatur for the university, representing official sanctioning by the institution. Use of the seal is reserved for the President’s Office and for formal academic and university business, such as authenticating diplomas, transcripts and other official documents, such as commencement awards and materials. **Use of the seal is limited and should not be used as a substitute for the university logo.** The seal is used as part of the Pioneer Society logo.

NOTE ▶ Electronic files for the university seal can be obtained only by special request.

THE ALUMNI ASSOCIATION LOGO

The Alumni Association logo is used exclusively by the Alumni Association. Size, spacing and color guidelines are the same as with the academic logo. Refer to page 4.

PIONEER SOCIETY LOGO

The Pioneer Society logo can only be used as a three-color logo. The “Pioneer Society” script can be used separately in instances such as invitations. The Pioneer Society logo is the only instance that the university seal can be used outside of the parameters set above.

NOTE ▶ The Pioneer Society logo should never be used smaller than 2.5 inches wide.

THE POWER OF AND

Introduced in January 2016, the Power of AND branding campaign reflects the ability for students to pursue academics in the classroom and experience activities and interests outside of the classroom. These opportunities develop lifelong skills such as leadership, character development and strong work ethic, which lead to personal and professional success.

The branding of the Power of AND requires AND to always be in all caps and in a bold font when used graphically or in a graphic element. When used in text, the AND should always be capitalized but need not be bold. The Power of AND logo should never be used in place of the academic logo.

ARETE LOGO

Arete, the KWU Honors Program, is an interdisciplinary program featuring unique courses, seminars, colloquia and the opportunity for independent research or performance that supports the mission of the program and of Kansas Wesleyan University.

The logo should never be used smaller than 1 inch wide. The purple and gold should never be switched. If color is unavailable, the use of black is acceptable, as is the use of white on a solid, dark background.

NOTE ▶ There is no accent on Arete.

No less than 3/4-inch

NOTE ▶ Please use ONLY the most recent versions of the logo. Significant changes were made in the summer of 2017. Contact a MARCOM staff member with questions.

ATHLETIC LOGOS

The Coyote is the primary visual identifier for KWU Athletics and is used in all development, promotional, marketing, recruitment and outreach materials including, but not limited to, print, apparel and online communications. The logo should not be redrawn, reproporioned or modified in any manner.

LOGO SIZE

Size minimums are noted to ensure that the logo is legible and prominent in various media. The Coyote should never appear smaller than three-quarters of an inch wide.

The Coyote needs sufficient visual space so that its impact is not degraded. Items such as text, images or graphic elements should be kept away from the logo by a minimum distance of the height of the nose; more space is always acceptable.

NOTE ▶ The Coyote should never be altered to have more than one color. It should appear only in purple, gold, black or white. The Coyote should never be used facing left.

NOTE ▶ Special color usage must be granted by MARCOM prior to usage (i.e. Cancer Awareness, etc.)

ATHLETIC LOGO VARIATIONS

While the Coyote is the primary visual identifier for KWU Athletics, other variations are available for use. These logos should never be altered and should appear only in approved color combinations.

LOGO SIZE

The Coyotes and KWU logo variations should never appear smaller than 1 inch wide. Items such as text, images or graphic elements should be kept away from the logo by a minimum distance of the height of the nose; more space is always acceptable.

KW LOGO

The KW logo is an accepted option, but should be used sparingly.

NOTE▶ This is the only situation in which the letters “KW” can be used without the “U.”

ALTERNATE DESIGN OPTION

This alternate logo option is for use on apparel and other nonofficial materials for the university.

ALL T-SHIRT AND UNIFORM DESIGNS MUST BE PRE-APPROVED BY MARCOM AT LEAST TWO WEEKS PRIOR TO PRINTING.

NOTE▶ With all athletic logos, purple must always be present with white on a gold background, such as on a gold T-shirt.

Do not use shadows or outlines with all logos.

NOTE▶ Please use ONLY the most recent versions of the logo. Significant changes were made in the summer of 2017. Contact a MARCOM staff member with questions.

All persons who are on university property are subject to be photographed. The university does not require approval to use a likeness in any format.

WEB SUPPORT

Various departments may have access to certain pages on KWU.edu. If access is not granted and/or available, please email both Brad Salois (brad.salois@kwu.edu) and Jean Kozubowski (jean.kozubowski@kwu.edu) with requested edits, or to discuss web solutions. The final decision on web content and structure rests with MARCOM, and all web pages should adhere to the KWU style guide requirements. With that said, every effort will be made to find an agreeable solution.

While MARCOM will make every effort to make needed changes to the web site, it is the responsibility of each department to notify MARCOM of required changes, such as course listings. It may take as many as 10 business days to make changes, depending on how extensive they are, and notice of 20-30 days is required to build new pages.

Major web changes may require a MARCOM request form.

NOTE ▶ Request forms can be found at www.kwu.edu/MARCOM

This request must be submitted no less than 30 days from the date you need the project delivered (45 days is preferred). Printing off-campus can take up to 3 weeks once the project design is completed. Submitting this form within a shorter time frame will not guarantee that it can be supported. You will be contacted within five business days of submitting this form to meet with a MARCOM team member to discuss your needs and the kind of support you can expect. While we will do everything we can to provide support, submission of this form does not guarantee that support can be provided. If MARCOM cannot accommodate your request, we will provide you with contacts for outside resources to assist you.

NOTE ▶ Faculty must first submit this form to the provost; coaches must submit to the director of athletics; and staff need to obtain a supervisor's signature.

PRINTED MATERIALS

All university-sponsored/hosted event materials must be approved by MARCOM prior to printing.

Handwritten signs are unacceptable. Printed signs can be requested from MARCOM. Remember, your signs reflect the university brand.

As part of posting signage on campus, you must have a plan to take the signs down in a timely fashion after the event. Failure to do so may result in loss of posting privileges.

Posting print materials from non-campus organizations

All signage from non-campus affiliated organizations must be approved by MARCOM or Student Development. In most cases, yard signs from outside sources are not permitted on campus.
