Dear Alumni and Friends:

I am pleased to provide you with a copy of the Annual Report for the 2006 academic year at Kansas Wesleyan University. As you can see in this report, it was an outstanding year for this fine University: we saw record enrollments, increases in numbers of students living in residence, and one of the most successful fundraising years in the University’s history. It also was a year that marked attaining the significant fundraising goal for the new Student Activities Center on campus.

A successful institution does not occur without the commitment of time and energy and expertise from many people, and this past year’s success is a result of the efforts of the entire campus. The spirit that is alive on campus is the result of each of us working together with our colleagues to tell the story of Kansas Wesleyan University – and it is truly an outstanding story to tell. The history of fiscal stability, growth in enrollments and revitalization of the physical plant is something that many other small, private institutions would envy.

This is also the time to recognize the many alumni and friends of Kansas Wesleyan University who believe in the mission, understand what this University can do to transform the lives of the students, and recognize the contribution that Kansas Wesleyan University can make to the community. This year’s report is the sum of all these parts.

I am delighted to share the good news about Kansas Wesleyan University, and I encourage you to come and visit us whenever possible so that you, too, can sense the excitement that is Kansas Wesleyan University.

Sincerely,

Philip P. Kerstetter, Ph.D.
President & CEO
Kansas Wesleyan University student Jamie Winter had the experience of a lifetime during her internship in Washington, D.C., during the 2006 spring semester.

“It was definitely a learning experience,” Winter said. “It opened my eyes about how lucky we are to be living in the United States.”

Winter, Concordia, interned in the office of Kansas First District Congressman Jerry Moran. During her internship, Winter assisted Congressman Moran with legislative and administrative duties on behalf of the people of Kansas’ First Congressional District. Among her duties were opening mail and answering telephone calls, and providing tours of the Capitol. By the end of her internship, she also had written two floor speeches for Congressman Moran.

“My duties were a lot more intense than I anticipated, but the learning experience was well worth it,” Winter said.

That experience also deepened Winter’s appreciation of and interest in politics, so much so that while she was in Washington, she ran a successful campaign to be the 2006-07 Student Government Association President.

Whatever the future holds for the History and Criminal Justice major after graduation in May 2007, politics probably will be a part of it.
## Students

The Fall 2005 headcount enrollment of 897 set an all-time record for Kansas Wesleyan University, and marked only the sixth time in University history that enrollment was 800 or above. *(Fig. A)*

Contributing to the overall headcount increase was a significant jump in the number of undergraduate students. Undergraduate headcount in the Fall of 2005 was 791, a 3.9 percent increase. *(Fig. B)*

Additionally, the number of new full-time students rose 29.1 percent to 06, including 180 new students from Kansas and 126 new students from outside Kansas. *(Fig. C)*

## Activities and Intramurals Program

The total number of student participants in activities and intramurals provided by the Office of Student Life continues to grow. Activities in which the students participated during Fiscal Year 2006 included:

<table>

## Residence Hall Students

The numbers of students living in the residence halls during Fiscal Year 2006 were the highest they have been. Having 412 students living in University housing compelled the Office of Student Life to find ways to better utilize available space. In Fall of 2004, one wing of Wilson Hall was used to house male students. In the Fall of 2005, enrollment for male students increased again and the Office of Student Life utilized another floor and another wing to house male students. The co-ed environment, while proper in every way, proved to be a positive dynamic and one that residents enjoyed. *(Fig. D)*

## Academics

Fiscal Year 2006 proved to be a busy one for both students and faculty.

In March, the Kansas Wesleyan University Debate and Forensics Team finished another award-winning season with five national championships and a Debate Sweepstakes win at the National Christian College Tournament. Earlier in the month, Rodney Wren was named the national champion in two categories — Legislative Debate and Extemporaneous Speaking at the Pi Kappa Delta National Speech and Debate Tournament.

Dr. Dorothy Hannah, Professor of...
Chemistry, presented “Changing Trends in Ligand Influence on Hydration Tendencies of Divalent Transition Metal Utilizing ESI-ITMS” at the Midwest regional meeting of the American Chemical Society.

Terri Johnson, Associate Professor of Nursing, did a presentation on the “Clean Indoor Air Initiative” during the Kansas State Nursing Association’s 30th Annual Day at the Legislature.

Use of Memorial Library increased dramatically in Fiscal Year 2006, with a gate count of 37,519, a 15.9 percent increase over the previous year. Additionally, Fiscal Year 2006 saw the creation of the Writing and Mathematics Center in the Memorial Library. The center provides tutorial assistance to Kansas Wesleyan students. The number of students who received library instruction from the Memorial Library Director jumped a tremendous 59.9 percent in Fiscal Year 2006 to 555.

Twenty-five Kansas Wesleyan University students from the Theories of Teaching and Coaching Team Sports class assisted with the eighth annual Saline County Kansas Kids Fitness Day on May 5 at the soccer fields in Bill Burke Park. Kansas Kids Fitness Day is a statewide event focused on increasing physical activity among third grade students in Kansas. Nearly 18,000 students participate each year at more than 40 sites across the state.

Haely Rettig (’06), was co-author with Dr. Steve Hoekstra, Associate Professor of Psychology, on a poster presentation titled “Poaching Someone Else’s Mate: Attachment Style and Relationship Dynamics.” The presentation was made at the Midwestern Psychological Association annual meeting May 4-6 in Chicago. Rettig was a research assistant for Hoekstra.

Twenty-five Kansas Wesleyan University students and faculty took part in the fully staged version of Gilbert and Sullivan’s most beloved comic opera, “The Mikado” in November at the Stiefel Theatre. The production was a collaboration by Kansas Wesleyan, the Salina Symphony, and the Salina community.

Kansas Wesleyan added a site in the Caribbean to its weather and seismic networks. Other Kansas Wesleyan weather station network sites include, Southeast of Saline Elementary School, Rolling Hills Wildlife Adventure northwest of Salina, and Minneapolis (Kansas) Elementary School. Seismic network sites include, Ell-Saline Elementary School at Brookville, Kansas, Southeast of Saline, and Minneapolis.

Learning took on a more global perspective as eight Kansas Wesleyan students embarked on a trip of a lifetime over Spring Break 2006. With the Reverend Dr. John Blackwell, Kansas Wesleyan Dean of the Chapel, and Shirley Leggett, now an adjunct Professor of English, the students took a week long trip to Wales and England. The group stayed in St. Deiniols, a residential, theological library, where Blackwell conducted research for his upcoming book and the students spent their time exploring the library and meeting the scholars and ministers staying there. The library was started in 1889 by William Gladstone, former Prime Minister of Britain, when he decided to share his own collection of 20,000 with others. While in Wales, the group visited several towns and cities near the library. The final destination was a two-hour train ride to London, England, where the group saw Westminster Abbey, the Tower of London, and Big Ben.

Additionally, the Kansas Wesleyan University Philharmonic Choir added to the global support of its fan base when it performed several concerts while touring China in May 2006. At the conclusion of the concert tour, a number of students also spent some time touring Japan.
Kansas Wesleyan student Rodney Wren was among a select few students from across the nation who were selected to participate in the inaugural United States Model House of Representatives on Capitol Hill in Washington, D.C., April 17-21. Wren represented the Fourth District of Kansas, which is served by Rep. Todd Tiahart. He was selected based on the quality of his application and essay. The simulation of the U.S. House of Representatives provided participants with the foremost experience and education about the inner workings of Congress. During the event, Wren was selected out of all the participants as the most outstanding legislator.

Faculty members honored during the annual Honors Convocation in April 2006 for their years of service to the University included:

**Five Years**
- Dr. Susan K. McDonald, Department of Physics Chair
- Dr. Philip S. Meckley, Department of Religion and Philosophy Chair
- Brenda S. O’Gorman, Instructor of Business

**Ten Years**
- Dr. Carol Ahlvers, Instructor of Business
- Dr. Kathleen Barrett-Jones, Department of Teacher Education Chair
- John K. Burchill, Department of Behavioral Science and Human Services Chair
- Dr. Rosilee M. Steimel, Professor of Computer Studies

**Thirty Years**
- Dr. William C. Brown, Professor of English and Humanities

**Thirty-Five Years**
- Dr. Arthur K. Neuburger, Department of Biology Chair

---

**Fiscal**

Not only did enrollment increases enhance the overall quality of campus life, but it also had a positive effect on University finances. Likewise, Kansas Wesleyan University continued its efforts to provide good financial stewardship to enhance its physical plant.

Shriwise Cafeteria received a facelift, including new carpet and tabletops, as well as re-upholstered chairs. Landscaping projects included the front entrance to campus, as well as outside Sams Hall of Fine Arts.

Mitchell named Vice President for Academic Affairs/Academic Dean

Dr. Mike Mitchell joined the Kansas Wesleyan University family on January 16, 2006, when he began his duties as the new Vice President for Academic Affairs. No stranger to Kansas, Mitchell also served as Provost, Interim President, Vice President, Academic Dean, Natural Science Division Chair, and Mathematical and Physical Sciences Department Head at Bethany College in Lindsborg. In addition, Mitchell was an Instructor, Assistant Professor, Associate Professor, and Professor of Chemistry at Bethany College.

Mitchell came to Kansas Wesleyan from Medaille College in Buffalo, New York, where he served as Vice President for Academic Affairs. No stranger to Kansas, Mitchell also served as Provost, Interim President, Vice President, Academic Dean, Natural Science Division Chair, and Mathematical and Physical Sciences Department Head at Bethany College in Lindsborg. In addition, Mitchell was an Instructor, Assistant Professor, Associate Professor, and Professor of Chemistry at Bethany College.

Mitchell, with more than 30 years in higher education, received a Bachelor of Science degree in Chemistry from the University of Missouri-Columbia, a Master of Science degree in Chemistry from the University of Colorado, and a Doctor of Philosophy degree in Chemistry with emphasis in Higher Education from Kansas State University.
What started as an idea of two Kansas Wesleyan University students exploded into a multi-faceted event involving nearly 100 University volunteers in the spring of 2006.

Project HERO – Helping Everyone Reach Out – was the brainchild of Angie Bergsten (’06) and Diana Meda (’06) and involved groups of volunteers working at eight sites throughout Saline County. On April 22 – Earth Day – volunteers did garden work at the Salina Food Bank garden, organized and implemented a fun day for children through Big Brothers/Big Sisters, planted trees and did landscaping at the Land Institute, potted flowers with residents of Presbyterian Manor, prepared and served a meal at the Salina Rescue Mission, dug fence post holes and helped clean up the area around the Audubon Pond, and did work at Head Start and an individual’s home. Once the work was complete, the participants were invited to a picnic at Kirwin House, hosted by President and Mrs. Kerstetter.

While overseeing the entire project, Bergsten and Meda recruited a key group of site leaders, who then recruited additional volunteers to work at the individual sites. Although KWU faculty and staff provided assistance, it was the student leaders and volunteers who brought Project HERO to fruition.

“The mission of the project was to strengthen ties within the community and give the students an opportunity to see the difference their actions can make in other people’s lives,” Meda said. “It began as a simple vision, developed into a campus mission, and is now going to be a university tradition.”

Both Bergsten and Meda graduated in May 2006 and have turned the well-designed project over to a group of underclassmen.

“I believe each one of us is called on by God to perform certain actions within our community. Each one of us is gifted, in our own ways, in our careers, in our home, or with our physical capabilities. By recognizing our individual talents and accepting the directions our lives pull us, we are able to perform the actions we are called to do. We are able to make a difference in someone’s life,” Meda explained. “Community service is just one opportunity to make a difference. There are many places in the community that allow us to use our talents, our gifts. By performing service, we are connecting with one another and most importantly, connecting with God.”
Fiscal Year 2006 was a year of special events and accomplishments for Institutional Advancement and Kansas Wesleyan University. In February 2006, about 150 donors attended a Student Activities Center Campaign Celebration. The successful completion of the campaign was attained in December 2005 after Kansas Wesleyan raised more than $6 million, including a $1.2 million challenge grant from the J.E. and L.E. Mabee Foundation of Tulsa, Oklahoma. With additional gifts added during the last few months of Fiscal Year 2006, the total pushed well past $6 million by fiscal year end and is expected to top $7 million with anticipated gifts.

In June, the President and Board of Trustees signaled the beginning of construction of the Student Activities Center with a ground-breaking ceremony hosted by Institutional Advancement. First District United States Congressman Jerry Moran joined the Trustees in commemorating the first building construction in more than 25 years on the Kansas Wesleyan campus. Approximately 200 people attended the ceremony and the reception that followed at Kirwin House.

Special projects to encourage support included naming opportunities starting at the $10,000 level of giving. More than 60 gifts reached this level and many will be honored through the naming of offices, conference rooms, classrooms, the student center, and the gymnasium. “The Coyote Den” was another special naming opportunity extended to alumni who were preparing to celebrate their 50th anniversary of graduation (1956-1959). The classes were challenged to raise collectively $100,000 to bring the “The Coyote Den” name to the new Student Activities Center snack bar. The name is in remembrance of a similar place they enjoyed as students in the late 1950s. The “Leave Your Mark – Brick Campaign” was a chance for everyone to become a part of the capital campaign. Four hundred engraved bricks have been purchased to date and will become a part of the Student Activities Center Construction.

Alumni support is indicated by two important categories: Alumni Association membership and alumni giving percentage. Alumni Association membership increased by 1.6 percent in Fiscal Year 2005 and the association was still able to increase membership by 4.3 percent in Fiscal Year 2006. Sixteen churches from the Kansas West Conference of the United Methodist Church are recognized members of Kansas Wesleyan University’s Wesleyan Society. Wesleyan Society congregations pledge to annually give $5 multiplied by their church’s average weekly worship attendance. Those churches in the Wesleyan Society include:

- Alexander United Methodist Church
- Bazine United Methodist Church
- Brookville United Methodist Church
- First United Methodist Church, Augusta
- First United Methodist Church, Beloit
- First United Methodist Church, Minneapolis
- First United Methodist Church, Salina
- Grand Avenue United Methodist Church, Salina
- Paradise United Methodist Church
- Quinter United Methodist Church
- Salem United Methodist Church, Bushton
- Smith Center United Methodist Church
- Trinity United Methodist Church, Salina
- United Church of Bennington
- University United Methodist Church, Salina
- Waldo United Methodist Church

No stranger to fund raising, Darin Russell brought his wealth of experience in the field to Kansas Wesleyan University on January 16, 2006, when he became the Vice President for Institutional Advancement.

Russell came to Kansas Wesleyan from Cloud County Community College (CCCC) in Concordia, where he served as the Foundation Executive Director and Vice President for Institutional Advancement. Earlier in his career, he served the CCCC Foundation and Institutional Advancement Office as Associate Director and Public Information Director.

Russell’s duties at Kansas Wesleyan include overseeing all development initiatives for the University.

In addition to his work at CCCC, he served as a financial consultant and retirement Account Executive with Keating & Associates, Inc., in Manhattan. He also served as a Development Officer in the Kansas State University Foundation and KSU Athletic Department. Additionally, he was the Executive Director of the Wabaunsee County Agricultural Stabilization and Conservation Service Office.

Russell received a Bachelor of Science degree in Journalism and Mass Communications from Kansas State University.
Representatives of the Kansas Wesleyan University Board of Trustees and Student Government Association and First District Congressman Jerry Moran joined the KWU Coyote for the Student Activities Center groundbreaking ceremony.
The number of alumni supporting Kansas Wesleyan increased by a whopping 20.11 percent with 211 more alumni making gifts in Fiscal Year 2006. The University has 7,200 alumni with “good addresses” and now more than 17 percent of alumni are giving.

In overall giving, capital and foundation giving continue to top the Gift Designation list. Sources of funding for KWU were much more evenly spread in Fiscal Year 2006, with the Alumni, Friends, Former Trustee, and Foundation categories all being near 20 percent. In Fiscal Year 2005, alumni were the largest source of funding at 71.5 percent. Fiscal Year 2005 was a record fund-raising year for Kansas Wesleyan because of the estate gift of alumni Fred and Helen Schopp. Their incredibly generous gift of nearly $1.6 million was the reason for the shift in sources of funding and also in overall dollars raised from Fiscal Year 2005 ($3.16 million) to Fiscal Year 2006 ($1.52 million).

For information about giving opportunities, please contact the Office of Institutional Advancement at 785-827-5541 ext. 1125.

The Student Activities Center project generated interest from a variety of University constituencies. An impressive $1.24 million was given by members who served on the Board of Trustees during various phases of the campaign. In another show of internal support for the project, Kansas Wesleyan faculty and staff committed more than $40,000. Gifts from the Salina area topped $3.2 million. The campaign garnered more than 880 donors, and an indicator of the widespread support is that nearly 800 donors contributed $5,000 or less.
The 2006 academic year proved to be another active year for the Kansas Wesleyan University Alumni Association. Following its mission to “further the interests of Kansas Wesleyan University in the cause of education,” the KWU Alumni Association assisted with and sponsored a variety of initiatives during Fiscal Year 2006. Those initiatives include:

— Helping to sponsor the Kansas Wesleyan Nursing Reunion May 6, 2006, by purchasing alumni Nursing mugs for reunion gifts. Additionally, the Association paid for expenses of the reunion speaker.

— Supplying and staffing the snack area and continental breakfast during Homecoming 2005.

— Purchasing acid free boxes to store rare photographs and historical University documents for the Memorial Library.

— Delivering 151 KWU posters, cups, and KWU pencils to alumni teaching in Salina public and private schools, as well as to Ell-Saline and Southeast of Saline public schools. Additionally, posters were mailed to Goodland schools, Wichita schools, and two Florida alumni who requested posters.

— Providing a dinner party for the fall 2005 graduates, and the reception for spring 2006 Commencement. A gift was given to every graduate, including a Kansas Wesleyan Alumni mug, pen, and alumni car tag.

To help alumni become more educated about the campus, every second Thursday of the month, at noon, different speakers shared information about their areas of the campus during a lunch provided by the Association. Several of the guests included: President Philip Kerstetter, Gerald Gillespie, Associate Professor of Psychology, Zach Kindler, Cross Country and Track Coach, and the Reverend Dr. John Blackwell, Dean of the Chapel.

Not only does the Alumni Association want to connect with alumni, but it also believes in supporting the campus. The Coyote Yearbook received a grant to purchase a much needed Canon camera for general photos, and strobe lights and umbrellas for portrait pictures. Additionally, the Association provided two Buck Meals, a Sunday night meal students can attend for only $1 at the University United Methodist Church.

The Association also sponsored a luncheon for Project Hero participants, who volunteered for community service. Assistance was also given to Rodney Wren, who was picked by the American Youth Scholarship Foundation to represent Kansas in Washington, D.C., at the Model House of Representatives.

Finally, the Kansas Wesleyan University Alumni Association pledged $10,000 for the new Student Activities Center.

All of these events and grants were paid for by the KWU Alumni Association membership dues. Membership cards will allow Association members to attend any athletic or theatre event on campus at no charge.

For more information about the Kansas Wesleyan University Alumni Association, please contact Jane Anderson, Director of Alumni Relations at (785) 827-5541 ext. 1129, alumni@kwu.edu, or visit the website at www.kwu.edu/alumni.
More than 165 endowed scholarships have been established at Kansas Wesleyan to financially support students and honor individuals, groups, or families. Additional gifts to these funds add to the balance, and every year proceeds from the interest earned are awarded to Kansas Wesleyan students. Following are Kansas Wesleyan’s endowed scholarships.

Kansas Wesleyan University is pleased to recognize those persons and businesses who have supported the University so generously during the past fiscal year. This report is a public expression of our gratitude to all who contributed from July 1, 2005, to June 30, 2006.

We have made every effort to ensure that this report is accurate and as complete as possible. Please accept our apologies if your name has been misspelled or omitted, and contact the Office of Institutional Advancement at 785-827-5541 ext. 1123 or by email at dougb@kwu.edu so that we can correct our records.

Several people gave anonymous gifts to Kansas Wesleyan University this fiscal year: To honor their request, the anonymous donors’ names have not been printed in this report.
