Professional Licensure and Certification Disclosure Processes

This document contains information related to Kansas Wesleyan University's programs that are designed to prepare students for the attainment of a professional license or certification and its determination as whether those programs meet the educational prerequisites for professional licensure or certification. Academic programs omitted from this list are not intended to lead to a professional licensure or certification.

Additional Licensure Requirements: Requirements for licensure or certification in addition to educational prerequisites may include professional examinations, background checks, years or work experience, fingerprinting requirements, etc.

Potential Changes in Requirements: Students who plan to pursue licensure should be aware that requirements for professional licensure can vary drastically by state, and these requirements are subject to change at any time. While an academic program may originally meet the educational requirements for licensure, changes in U.S. State/U.S. Territory requirements or laws could impact the program's ability to meet new educational requirements. Students should always check with their state licensure board to confirm licensure requirements.

Important Note for Relocating During the Course of a Program of Study: Prospective and current students should keep in mind that relocating to another state during the course of a program of study could impact their ability to meet the licensure or certification requirements of the relocating state.

PROFESSIONAL LICENSURE AND DISCLOSURE POLICY

Administrative Division	Provost
Policy Title	Professional Licensure and Disclosure Policy
Administrative Office	Director of Assessment & Institutional Compliance
Effective Date of Policy	July 1, 2024 Revision: March 31, 2025

Purpose

The U.S. Code of Federal Regulations, specifically 34 CFR 668.43(a)(5)(v) and 34 CFR 668.43(c) require disclosures by institutions regarding educational requirement for programs leading to professional licensure or certification regardless of instructional modality. 34 CFR 668.43(a)(5)(v) requires an institution to provide information to enrolled and prospective students whether programs leading to professional licensure or certification meet educational requirements throughout all U.S. states, districts, and territories. This applies directly to the state, district, or territory in which the enrolled and prospective students are located.

Implementation

This policy is effective July 1, 2024.

Definitions

Attestation: A voluntary process in which a student from a state, district, or territory where a program does not meet licensure requirements attests that they will seek employment in a state, district, or territory where the program’s curriculum meets the necessary state requirements. This process ensures that students are aware of and comply with the educational prerequisites for professional licensure in their intended employment location. The attestation involves the student:

- Declaring voluntarily their intention to seek licensure and employment in a specific state, district, or territory where the program meets licensing requirements.
- Acknowledging that the program does not meet the educational requirements for licensure in their current state, district, or territory.
- Confirming receipt of advising and information about alternative options and resources for their pursuit of professional licensure.

This process is crucial for maintaining compliance with federal regulations and ensuring that students make informed decisions about their education and future career paths.

Compact or Reciprocity Agreement: A formal, voluntary agreement among member states, districts, and territories that establishes comparable national standards for the interstate offerings of postsecondary courses and programs. While a state, district, or territory ultimately retains authority to establish their own licensure criteria, each member state, district, or territory adopts similar legislation to facilitate the process. This agreement allows a licensed professional who has completed an approved program and obtained a

certificate or license in one state, district, or territory to earn a certificate or license in another state, district, or territory.

Current Students: Individuals who have signed an enrollment agreement, made a financial commitment to the institution, and/or are currently enrolled in an academic program at Kansas Wesleyan University (KWU).

Distance education: Defined by the United States Department of Education (USDE) as taking one or more courses through distance education (online or otherwise) during the first term of enrollment in a licensure program. KWU further defines distance education as when a student enrolls in at least one course offered through distance education during their first term of enrollment, classifying them as a distance education student.

Distance education involves:

- The remote delivery (> 50 percent) of academic courses that are part of or independent of academic programs.
- These courses employ one or more types of technology (internet, satellite, wireless communication, or audio/video conferencing) to students who are separated from the instructor. This supports regular and substantive synchronous or asynchronous interaction between students and the instructor.

For purposes of determining student location in distance education situations:

- During their first term of enrollment, any student residing in Kansas, relocating to Kansas, or in the process of relocating to Kansas, will be considered to be the State of Kansas when they are enrolled in, enrolling in, or planning to enroll in any distance academic course(s) or academic program, regardless of whether it is part of KWU's *Professional Licensure and Disclosure* policy processes and procedures. This exception does not apply to commuter students outside of Kansas.
- Location designations shall remain in effect until a student notifies the institution in writing of a change of state, district, or territory location. Once the student has notified the institution of their location change and the institution has noted the change in Jenzabar, the date of entry of the new student location in Jenzabar will serve as the effective date of the student's revised location for the purposes of this policy.
- For students whose permanent address does not include a U.S. state, district, or territory (e.g., students living outside the United States), their location will be considered the state of Kansas.

Initial Enrollment: For purposes of this policy, initial enrollment is defined as a prospective student who is either at the "inquiry" or "applied" status and prior to a student's signed enrollment agreement OR financial commitment. This is supported by Title IV regulations (34 CFR § 668.2) that define "enrolled" as: The status of a student who—(1) Has completed the registration requirements (except for the payment of tuition and fees) at the institution that they are attending. As a result, direct disclosures are to be provided prior to a signed enrollment agreement or financial commitment.

Licensure: This refers to any license, certification, certificate, endorsement, authorization, registration, or credential by any other title that is issued to an individual by a state or territory government and required for an individual to practice in a profession or work in an occupation in that state, district, or territory. Terminology for required credentials varies considerably across states/territories as well as professions/occupations.

Non-Licensure Program: This type of program does not lead to licensure or certification upon completion. While it may include concentrations, emphases, or tracks that prepare students for future enrollment in licensure or pre-licensure degree programs, the primary focus remains on the main degree. For example, a Health Science degree with a track in pre-athletic training indicates that the primary focus is health science, not with the intent of seeking licensure or certification in athletic training.

Pre-Licensure Program: Academic programs that provide initial academic study, but is not intended to directly lead to professional license or certification since additional post-baccalaureate education and/or additional post-baccalaureate professional work experience may be required prior to license attainment (e.g., Accounting regarding CPA licensure).

Professional Licensure Program: A degree program designed to lead to a professional licensure or certification. This ensures that a professional meets specific industry and/or occupational standards in terms of knowledge, experience, and current practices. These programs typically include coursework, practical experience, and/or examinations required to obtain licensure or certification in a particular field (e.g., Nursing, Social Work, or Teacher Education).

Prospective Students: Individuals who have applied for admission to KWU but have not yet signed an enrollment agreement, made a financial commitment to the institution, or enrolled in any KWU courses.

Reciprocity Agreement or Compact: A formal, voluntary agreement among member states, districts, and territories that establishes comparable national standards for the interstate offerings of postsecondary courses and programs. While a state, district, or territory ultimately retain authority to establish their own licensure criteria, each member state, district, or territory adopts similar legislation to facilitate the process. This agreement allows a licensed professional who has completed an approved program and obtained a certificate or license in one state, district, or territory to earn a certificate or license in another state/territory.

State, District, or Territory:

State: A State of the Union

District: District of Columbia

Territory: American Samoa, Puerto Rico, the District of Columbia, Federated States of Micronesia, Guam, Northern Mariana Islands, Republic of Palau, Republic of Marshall Islands, and the U.S. Virgin Islands.

Student Location: This is defined as the state, district, or territory where the enrolled student resides, based on the permanent home address in Jenzabar, the KWU student information system. For prospective students, it refers to the state, district, or territory of residency at the time of application for admission, intended enrollment, and entry into Jenzabar. If a student's permanent address is outside the U.S. or its territories, their location will be considered to be Kansas. Location designations shall remain in effect until a student notifies the institution in writing of a change of state, district, or territory. For purposes of this policy, the effective date of the new location is the date that is entered into Jenzabar. An exception to the student location definition includes distance education (see "*Distance Education*" for more information).

Students: This term encompasses both current and prospective students.

Policy and Procedure

If an academic program offered by Kansas Wesleyan University (KWU) is designed to meet educational requirements for a specific professional license or certification required for employment, or is advertised as meeting such requirements, the following information is required:

- A. A list of all states, districts, or territories where the institution has determined that its program curriculum meets the state, district, or territory educational requirements for licensure or certification.
- B. A list of all states, districts, or territories where the institution has determined that its program curriculum does not meet the state, district, or territory educational requirements for licensure or certification.

According to 34 CFR 668.43(c), a direct disclosure is required by the institution to the student in writing if the program leading to professional licensure or certification does not meet the educational requirements for the state, district, or territory in which the student is located. This direct notification (typically via email, letter, or other electronic form of communication) must occur before the student's enrollment in the program, and prior to the student signing an enrollment agreement or making a financial commitment to the institution.

For students already enrolled in the program, if the institution later determines that the program does not meet the educational requirements for licensure or certification in the state, district, or territory where the student is located, the institution must notify the student within 14 calendar days of making that determination. The direct disclosures must be in writing (typically via email, letter, or other electronic form of communication). This provision is most likely to occur when a program loses its approval in a state, district, or territory where the student is located.

If it is disclosed to the student that the program curriculum does not meet state requirements for the state in which the student is located, the student may still enroll if they are provided with information about their state, district, or territory location designation licensure status and voluntarily attest that they will seek employment in a location where the program's curriculum 'meets' state requirements, other than the student's state location designation. In such cases, individual direct disclosures will be provided. Program participation agreement regulations require that students from states, districts, or territories where the program does not meet requirements, and who do not voluntarily complete the attestation process, cannot be enrolled in the program. Only prospective and current students who voluntarily utilize the attestation process/exception will be allowed to enroll in the program.

When a KWU academic program participates in a compact or reciprocity agreement, the program will determine whether the participating state, district, or territory requires a curriculum comparison. For states, districts, or territories where a curriculum comparison is not required, no comparison will be made, but it will be noted that the program meets educational requirements due to the compact/reciprocity agreement. For states, districts, or territories where a curriculum comparison is required, or if the state, district, or territory is not part of a compact or reciprocity agreement, the program will conduct a curriculum comparison. Findings of the curriculum comparison will be disclosed to individual students based on the student's state, district, or territory location designation as 'meeting' or 'not meeting' state, district, or territory requirements. In either scenario, any other additional state, district, or territory requirements will be noted and disclosed (as an addendum to the program's direct disclosure) to each individual student.

Student Location: This is defined as:

- The state, district, or territory where the **enrolled student** resides, based on the permanent home address entered into Jenzabar, the KWU student information system (unless exceptions are noted; see '*Distant Education*').
- For **prospective students**, it refers to the state, district, or territory of residency at the time of application for admission, intended enrollment, and entry into Jenzabar (unless additional exceptions are noted; see '*Distant Education*').

- If a student’s permanent address is outside the U.S. or its territories, their location will be considered to be Kansas (unless additional exceptions are noted; see *‘Distant Education’*).
- All other university policies that determine Kansas residency for tuition assessment purposes will not be superseded by this policy.
- Location designations will remain in effect until the student notifies the institution in writing of a change of U.S. state, district, or territory location.
- Once the student has notified the institution of their location change and the institution has noted the change in Jenzabar, the date of entry of the new student location in Jenzabar will serve as the effective date of the student’s revised location for the purposes of this policy.
- The institution will then have 14 calendar days to provide a direct disclosure to the student once it has been determined whether the program’s curriculum does or does not meet the student’s revised location’s educational requirements for licensure or certification.

Academic Programs

Academic programs where additional credit hours or work experience beyond the bachelor’s degree are required for licensure or certification, said programs will state that the program is a ‘prelicensure program’ and is not designed as a program leading to licensure (e.g., Accounting [regarding C.P.A. and C.P.M. licensure]).

KWU academic programs, in collaboration with the Director of Assessment & Institutional Compliance, must conduct an annual review and update of state, district, or territory findings to ensure the program curriculum meets the necessary requirements. The full schedule can be found in the academic program’s Professional Licensure Manual.

Veterans Affairs

Since February 17, 2023, the Department of Veterans Affairs (VA) has required institutions to publicly disclose any conditions or additional requirements, including training, experience, or examinations needed to obtain the license, certification, or approval for which the program is designed to prepare students. This applies to institutions participating in the GI Bill or other VA education benefits programs (38 CFR § 21.4259(e)). Additional requirements are noted in the program’s Professional Licensure Manual, and students seeking to participate in GI Bill or other VA education benefits programs will be notified of these requirements as an addendum to the program’s direct disclosure. Additionally, 38 CFR § 21.4253(9)(i) requires that the program meets all instructional curriculum licensure or certification requirements of the state, district, or territory.

Disclaimer

Kansas Wesleyan University does not grant licensure. Each state’s, district’s, or territory’s licensure board or agency provides licensure once a KWU student graduates and applies for that state’s, district’s, or territory’s license. While we cannot guarantee that any KWU graduated student will be able to obtain the license, we have made a good faith effort to determine each state’s, district’s, or territory’s licensure requirements. Therefore, our determinations are not final and should not be relied upon.

Compliance

Compliance with the university’s Professional Licensure and Disclosure Policy is mandatory for all faculty, staff, and students. Failure to follow the policy will be addressed through standard disciplinary procedures in accordance with university guidelines.

KWU Music Education Pre K-12 Program (Instrumental Emphasis)

The Music Education Pre K-12 Program (Instrumental emphasis) at Kansas Wesleyan University (KWU) is aligned to CAEP standards adopted by the Kansas State Department of Education. In addition, the State of Kansas participates in the National Association of State Directors of Teacher Education and Certification (NASDTEC) interstate agreement. Completers of a music education Pre K-12 program (instrumental emphasis) within a NASDTEC state allows a candidate to have one multistate license with the ability to teach in the home state and other interstate states. Go to <https://www.nasdtec.net/> for more information.

Consulting Firm: *The Bookmark*

KWU has partnered with consulting firm, *The Bookmark*, to assist with making determinations regarding curriculum requirements. *The Bookmark* representatives have provided KWU guidance as to whether or not each state/territory/district requires a curriculum comparison. If curriculum comparisons are warranted, *The Bookmark* personnel provided additional state/territory/district legislative language. *The Bookmark* documentation may be found in APPENDIX A.

How Determinations Are Made

Determinations regarding KWU's Music Education Pre- K-12 (Instrumental Emphasis) curriculum meeting or not meeting U.S. State's, District's, or Territory's curriculum requirements are rendered, based upon the following processes:

- Determination processes are based solely on prospective and currently enrolled students in KWU's Music Education Pre K-12 Program (Instrumental Emphasis).
- KWU's Director of Teacher Education, in consultation with KWU personnel, will chart and record all prospective and currently enrolled students in the Music Education Pre K-12 Program (Instrumental Emphasis).
- KWU's Director of Teacher Education, will review and make a determination whether its curriculum will or will not be approved by the prospective or currently enrolled student's home/residence state.
 - This determination process will involve whether the prospective or currently enrolled student's home/residence state participates in the NASDTEC interstate agreement or requires CAEP accreditation (State of Kansas Department of Education utilizes CAEP standards).
 - For states where a curriculum comparison is not required, no comparison will be made, but will be noted that the program meets educational requirements of the compact/reciprocity agreement.
 - For states where a curriculum comparison is required or if the state is not part of a compact or reciprocity agreement, the program will conduct a curriculum comparison.
 - Findings of the curriculum comparison will be disclosed to individual students based on the student's state location designation as 'meeting' or 'not meeting' state requirements.
 - In either scenario where a curriculum comparison is or is not required, any other additional state requirements will be noted and disclosed to each individual student as appropriate.

- KWU will be responsible for maintaining and updating its website with 'Public' disclosure information as it becomes available.
- KWU will be responsible for sending the appropriate 'Direct Disclosures.'
- If a prospective or currently enrolled student has notified the institution of a home/residence change and the institution has noted the change in Jenzabar, the date of entry in Jenzabar will serve as the effective date of a student's revised location for the purposes of this policy. The institution will then have 14 calendar days to provide a direct disclosure to the student if it has been determined that the program's curriculum does not meet the state's (student's revised location) educational requirements for licensure or certification.

Sample 'Direct Disclosure' Communication to Prospective & Current Students

'Direct Disclosure' – Positive Determination Draft Message

Due to recent changes in Federal Legislation, we are now required to contact you regarding your program of study in Music Education Pre K-12 Program (Instrumental emphasis), and whether KWU's program curriculum would be approved by your home state (**state**). At this time, we have determined that KWU's program curriculum **does meet** state licensure requirements in your home state. Further documentation and information may be found on the KWU website at: <https://www.kwu.edu/about/consumer-information/> at the "Instrumental Music Education Pre K-12 Professional Licensure Manual & Evidence" link.

'Direct Disclosure' – Negative Determination Draft Message

Due to recent changes in Federal Legislation, we are now required to contact you regarding your program of study in Music Education Pre K-12 Program (Instrumental emphasis), and whether KWU's program curriculum would be approved by your home state (**state**). At this time, we have determined that KWU's program curriculum **does not meet** state licensure requirements in your home state. Further documentation and information may be found on the KWU website at: <https://www.kwu.edu/about/consumer-information/> at the "Instrumental Music Education Pre K-12 Professional Licensure Manual & Evidence" link.

'Direct Disclosure' - Veteran Affairs Addendum

KWU is an institution that participates in the GI Bill or other Veteran Affairs (VA) education benefits programs. As such it will be necessary to notify students who desire to participate in GI Bill or other VA education benefits programs about any conditions or additional requirements, including training, experience, or examinations required to obtain the license, certification, or approval for which the educational program is designed to provide preparation. As a result, an addendum to the direct disclosure ('Direct Disclosure' – Veteran Affairs Addendum: Minimum Compliance) will be provided to any student who desire to participate in GI Bill or other VA education benefits programs.

For students who desire to participate in GI Bill or other VA education benefits programs:

'Direct Disclosure' – Veteran Affairs Addendum: Minimum Compliance

In addition to the educational requirements for <**Name of License**> licensure in <**State or Territory**>, the following additional requirements must be met:

1. **Training or continuing education required for initial/first license outside of program:**
2. **Post-graduation supervised experience or other work experience:**
3. **Examinations:**

Please be aware that criminal background checks, citizenship status, residency, age, and other factors may be a condition for licensure in <**State or Territory**>. Students are advised to review all available information on the <**State or Territory**> licensing board website <**Insert link to board website**>.

Sample 'Attestation' Statement for Prospective and Current Students

Dear KWU <ADMISSIONS/REGISTRAR> Office,

I am a <PROSPECTIVE/CURRENT> student interested in enrolling in an education program at Kansas Wesleyan University. I have been informed by <ADVISOR NAME> that this program **does not meet** the state licensure requirements in the state in which I am currently located.

I acknowledge that if I enroll in the program and complete the curriculum, I will not be eligible to become licensed in my current state, which may impact my career opportunities. I also understand that if I do not plan to relocate to another state or territory in order to seek licensure and employment after completing the program, I am prohibited by federal regulation from being admitted into the program.

I hereby attest and confirm that I do not intend to remain in my current state upon completing the <NAME OF PROGRAM> program but rather, intend to relocate to <MEETS STATE/TERRITORY>, and plan to seek licensure and employment in <MEETS STATE/TERRITORY>. I confirm I have reviewed the general licensure disclosures provided by Kansas Wesleyan University. Using all reasonable efforts, Kansas Wesleyan University has determined that the program **does meet** the educational requirements for licensure in the state or territory that I plan to relocate to and therefore, I intend to enroll in the program.

I understand that the education element is only one component of requirements for licensure. Criminal history, background checks, fingerprinting, additional training, continuing education, supervised work experience, fees, and other requirements may need to be satisfied in order to qualify for licensure.

I also acknowledge that I should contact any state or territory in which I may be interested in becoming licensed after completing the program to ensure I fully understand my employment options in that state or territory. The most reliable information comes directly from the applicable licensure board or agency/entity. I submit this attestation voluntarily and knowingly.

Specific title of license issued by the state/territory.

Note, if a state/territory issues a required time-limited license for purposes of gaining supervised experience after graduating that has different educational requirements, information for this type of license and the next-level license is provided. Curriculum should be compared to all relevant titles/levels in order to determine if a program “meets” educational requirements.

**Specialized Accreditation
Required?**

"No" means the Board does not require the program to hold a specialized accreditation for licensure.

"Yes" means the Board does require the program to hold a specialized accreditation for licensure.

"N/A" means the state or territory does not offer a license.

**Specialized Accreditation
Accepted as Meeting Educational
Requirements?**

"Yes" means there is language in statute or rule that a program that holds specialized accreditation meets some or all education requirements.

"No" means Board does not indicate that specialized accreditation meets all educational requirements.

"N/A" means state/territory does not offer a license.

Curriculum Comparison Needed?

“Yes” means a comparison of the program to specific state standards/coursework/supervised experience listed is needed to determine if the program meets educational requirements for licensure.

"No" means a program does not need to compare their program to specific state/territory educational requirements. In most instances, the Board/Agency is relying on specialized accreditation or approval, license applicants holding certification, or license applicants meeting examination requirements.

"N/A" means the state or territory does not offer a license.

Note, each licensing board will still evaluate each individual graduate's application at the time they apply.

Specific Coursework

Specific information from statute, rule, application, or website is copied that includes state/territory requirement of certain courses or other educational requirements to be completed as part of the program. Licensing board/agency will review the graduate's transcript to determine if educational requirements were completed.

"N/A" means the state or territory does not offer a license.

Note, if references to other sections of statutes/regulations are listed, The Bookmark includes all relevant information required for curriculum comparison here. In other words, programs do not need to complete further research into statutes/regulations to determine comparison requirements.

Supervised Experience (In-Program)

Information is provided about any required practicum, internship, or supervised clinical experiences required to be completed as part of the program.

“N/A” means the state/territory does not issue a license.

Member of Compact or Reciprocity Agreement?

"Yes" means the state/territory has adopted one or more relevant licensure compacts or interstate

reciprocity agreements. The state/territory is a member of the compact or reciprocity agreement.

“Pending” means the compact or interstate reciprocity agreement is not yet enacted (does not have enough states/territories as members yet), but the state/territory is a member.

“No” means the state/territory is not a member of a relevant licensure compact or interstate reciprocity agreement.

“None found” means no relevant national licensure compact or interstate reciprocity agreement exists for this profession or occupation.

Board/Agency Name

Licensing board or agency name

Board/Agency Website

Statute/Regulation/Rule Citation

Citation to the relevant section(s) of state statutes, regulations or rules.

Must Out-of-State Program Graduate Hold License to Qualify?

"Yes" means the state/territory requires a license applicant who graduated from a program based in another state/territory to hold that state/territory license to meet educational requirements for initial, first-time license.

“No” means the state/territory does not require a license applicant who graduated from a program based in another state/territory to hold that state/territory license to meet educational requirements for initial, first-time license.

“N/A” means the state/territory does not issue a license.

Must License Applicant Hold Private Certification?

"Yes" means the state/territory requires a license applicant to hold a certification issued by a private (non-governmental) organization to meet educational requirements for initial, first-time license.

“No” means the state/territory does not require a license applicant to hold a certification issued by a private (non-governmental) organization to meet educational requirements for initial, first-time license.

“N/A” means the state/territory does not issue a license.

Additional Training (Not Required In-Program)

Training, continuing education or other requirements for initial licensure are listed here. These DO NOT need to be completed as part of the program to meet educational requirements for licensure.

Experience (After Graduating/Outside of Program)

Experience required for initial licensure. This could be supervised work experience after graduating, experience accrued outside of the program, or specific prior work experience. This DOES NOT (and in most cases, cannot) need to be completed as part of the program to meet educational requirements for licensure.

Exam(s) Required

Any exams required for the type of license.

"None found" means that the state/territory does not specify an exam for that particular license.

"N/A" means the state/territory does not offer a license.

Notes

--Educational requirements are provided for the recent graduate of a program of a regionally accredited college or university in the U.S. who is, or will be, applying for their first license or certification (typically by exam).

--Some states have additional levels of license/certification or additional scope of practice available if specific coursework, training, or work experience is completed. The Bookmark only captures the first level of license/certification (unless otherwise indicated).

--Some license types have multiple pathways to qualify. The Bookmark includes information through the lens of a program offered at a regionally accredited college or university, and does not include all of the possible ways that an individual may qualify for the license.

--Terminology is inconsistent across states/territories for most license types. Certification, license, credential, endorsement and certificate are all used to describe the legally

required permission by a state/territory to practice a particular profession or occupation. The Bookmark uses license and certification to refer to all of these. The exact title is provided for each state/territory.

Teacher Certification Regulations
Part 4. National Teacher Certification Requirements
No person shall serve as a teacher in any elementary or secondary school within the Federated States of Micronesia, without first having obtained a National Teacher Certificate from the FSM National Department of Education. The certificate shall be issued without cost to the teacher, in such form as the Secretary determines. Each State Director of Education shall ensure that all teachers, at both public and private schools in the Federated States of Micronesia, shall be duly certified and in possession of a valid teacher certificate as required by law and these regulations. Upon a finding, after notice and a hearing conducted consistent with the provisions of section 109 of FSM Code Title 17, Chapter 1, that any person has served as a teacher without a valid certificate issued pursuant to law or regulations, the Secretary may withhold or withdraw accreditation of the school where such person has served or is serving.

Additional Training (Not Required In-Program)

Special Education course is required before renewal/conversion of certificate, but not for issuance for either out-of-state licensees or EPP completers. Details follow:

(4) Special Education.

(a) A GaPSC-accepted course in the identification and education of children who have special educational needs is required for issuance of a certificate in any of the following:

1. Teaching fields.
 2. Leadership fields.
 3. Service fields of Media Specialist and School Counseling.
- (b) The following certificates may be issued prior to completion of the special education requirement (course must be satisfied to renew or convert the certificate):

1. Initial Professional or Induction certificate issued based on interstate reciprocity.
2. Initial Induction certificate issued based on completion of an out-of-state approved educator preparation program with student teaching

outside of Georgia.

3. Initial Professional certificate in School Counseling based on holding an acceptable valid state license issued by the Georgia Secretary of State Office.

(c) The course may be satisfied by the following:

1. Earning three (3) semester hours of college credit with a grade of “B” or better

(i) The grade requirement of “B” or better is effective July 1, 2019, for courses completed on or after this date.

2. Earning five (5) Georgia professional learning units satisfied through a Georgia public school system or RESA.

3. Holding valid National Board for Professional Teaching Standards (NBPTS) certification.

4. Meeting out-of-state experience exemption outlined in section (6) below.

Ga. Comp. R. & Regs. 505-2-.24

There are many different courses that cover the topics necessary to fulfill this requirement. If you have completed an educator preparation program in another state, you may have already completed an acceptable course. If you would like to know if a certain course will satisfy this requirement, please Contact Certification and include the course name, course description, and a link to the institution’s website. A Certification Division staff member will examine the course and let you know if it is acceptable.

Please note that a course covering only selected exceptionalities (such as a course focused on working with students with autism) will not satisfy this requirement. If you would like confirmation that a particular course is acceptable for this requirement, please Contact Certification and include the course name, course description, and a link to the institution’s website. Specific Coursework	<p>Minnesota Rules, part 8710.4725 Subpart 1. Scope of practice. A teacher of reading is authorized to facilitate and provide for kindergarten through grade 12 students instruction that is designed to develop reading skills, strategies, and comprehension. The teacher of reading is also authorized to provide assistance to teachers who have responsibility for providing reading instruction. Nothing in this part restricts teachers of elementary education, teachers of English as a second language, or teachers of special education from providing reading instruction to students they are licensed to teach nor restricts any other teacher from providing instruction in reading in their content areas.</p> <p>Subp. 2. Licensure requirements. A candidate for licensure to teach reading to students in kindergarten through grade 12 shall:</p> <p>A. hold or qualify for a teaching license, as defined in part 8710.0310, valid for:</p> <p>(1) one or more of the following student levels:</p>

AUTHORIZED USER ONLY

- elementary, middle, or secondary;
- (2) kindergarten through grade 12 special education teaching under parts 8710.5000 to 8710.5800;
- (3) English as a second language teaching under part 8710.4400; or
- (4) adult basic education teaching under part 8710.4000; and

B. show verification of completing a Professional Educator Licensing and Standards Board preparation program approved under chapter 8705 leading to the licensure of teachers of reading including standards under subpart 3a.

Subp. 3. [Repealed, 34 SR 595]

Subp. 3a. Subject matter standard. A candidate for licensure as a teacher of reading must complete a preparation program under subpart 2, item B, that must include the candidate's demonstration of the knowledge and skills in items A to E.

A. A teacher of reading must have knowledge of the foundations of reading processes and instruction:

- (1) demonstrate the ability to support a philosophy of literacy instruction with theory and research;
- (2) indicate knowledge of reading theories and how these translate into effective practices;
- (3) apply reading research studies and articulate how these studies impact reading instruction at the elementary, middle, and high school levels;
- (4) understand the physical, social, emotional, moral, and cognitive development of children, preadolescents, and adolescents as it pertains to reading instruction;
- (5) understand the progression of reading development (emergent, beginning, transitional, intermediate, and advanced) and the variations related to cultural and linguistic diversity with a heightened awareness to the needs of struggling readers;
- (6) describe developmental progress in oral language and its relationship to reading;
- (7) teach and foster emergent reading skills such as phonemic awareness, alphabet recognition, and understanding that printed words convey meaning;
- (8) teach and foster word recognition skills including phonics, structural analysis, and contextual analysis;
- (9) foster the development of an initial sight

vocabulary and an increasingly larger and more complex vocabulary, mastering word-learning strategies such as the use of context and structural analysis, and developing word consciousness;

(10) teach and foster fluency and automaticity in both oral and silent reading;

(11) teach and foster comprehension and appreciation of a wide range of children's and adolescent literature;

(12) teach comprehension strategies such as adjusting reading approach, activating background knowledge, summarizing, generating questions, constructing mental representations, and self-monitoring;

(13) teach and foster critical thinking skills and behaviors such as thinking independently, withholding judgment, recognizing point of view and bias, and considering multiple solutions; and

(14) teach writing to advance reading development and learning from text.

B. A teacher of reading must be able to use a wide range of instructional practices, approaches, methods, and curriculum materials to support reading instruction:

- (1) organize and manage effective reading instruction appropriate across developmental levels, proficiency, and linguistic backgrounds;
- (2) implement a variety of appropriate grouping strategies including individual, small group, and whole group reading instruction;
- (3) implement and reflect on the use of instructional practices, approaches, and methods, which support the cognitive, cultural, and linguistic differences of readers;
- (4) understand and apply instructional and informational technologies, digital literacy, and electronic resources to support literacy;
- (5) identify, secure, and use high-quality literature, which meets the interest and reading needs of all readers and represents various cultures and genres;
- (6) understand the rationale for using a wide range of texts and show evidence of using multiple texts within instruction, including informational texts, content area texts, electronic texts, and nonprint materials;
- (7) understand the structures of texts, both print and electronic, and the challenges presented by these materials, and use this knowledge in lesson

design to match materials to the cognitive levels of all readers and across the curriculum; and (8) demonstrate competency through a variety of clinical experiences with elementary, middle, and high school students.

C. A teacher of reading must be able to use a variety of assessment tools and practices to plan and evaluate effective reading instruction:

- (1) understand the principles surrounding a wide variety of instruments, their purposes, strengths, and limitations;
- (2) select appropriate tools for specific situations that includes assessment for diagnosis and progress monitoring;
- (3) demonstrate expertise in the administration and interpretation of a wide variety of measures that track student progress by individual, class, cohort, and school;
- (4) demonstrate expertise in using assessment information to plan differentiated classroom instruction for students, including those at different cognitive and developmental stages, and those from different cultural and linguistic backgrounds;
- (5) use assessment data to develop interventions that address specific student needs;
- (6) select materials, identify appropriate instructional strategies, and allocate resources needed to implement interventions and remediations; and
- (7) communicate results of assessments, students, parents, caregivers, colleagues, and administrators.

D. A teacher of reading must be able to create a literate environment that fosters reading by integrating foundational knowledge, use of instructional practices, approaches and methods, curriculum materials, and the appropriate use of assessments including:

- (1) use students' interests, reading abilities, and backgrounds as foundations for the reading program and provide authentic reasons to read and write;
- (2) support students and colleagues in the selection of materials, print and electronic, that match students' reading levels, interests, cultural, and linguistic backgrounds;
- (3) develop and implement classroom and schoolwide organizational structures that include explicit instruction, guided practice, independent

reading, interactive talk, opportunities for response, and reading and writing across the curriculum;

(4) integrate technology into reading instruction to create and maintain an environment that includes conventional and new literacies and ensures equity of access to technology;

(5) create and maintain a motivating classroom and school environment that promotes ongoing student engagement and literacy for all students;

(6) promote a shared vision that all students can learn literacy regardless of their cognitive, cultural, or linguistic backgrounds;

(7) use literature to engage students in dialogue, critical thinking, and reflection around issues of social justice;

(8) promote critical literacy by encouraging student to question what they are reading while analyzing texts from multiple viewpoints or perspectives; and

(9) understand the importance of and facilitate home school connections.

E. A teacher of reading must view professional development as a career-long effort and responsibility including:

(1) serve as a role model and display positive attitudes toward literacy in the district/building by engaging in reading and writing practices;

(2) promote and facilitate ongoing self-reflection related to teaching and student learning;

(3) seek to be well informed and share up-to-date knowledge of literacy learning with colleagues;

(4) apply aspects of coaching feedback to instructional practice;

(5) actively seek opportunities to participate in learning communities and professional organizations;

(6) collaborate with and provide guidance for colleagues who seek classroom instruction support in reading;

(7) engage in, initiate, implement, and evaluate professional development programs; and

(8) understand current state and federal legislation as it relates to reading.

Subp. 4. Professional license. A professional license shall be issued and renewed according to the rules of the Professional Educator Licensing and Standards Board governing licensure.

Subp. 5. Effective date. The requirements in this part for licensure as a teacher of reading are effective on September 1, 2010, and thereafter. Minn. R. 8710.4725

<https://www.nd.gov/espb/licensure/license-information/license-faqs>

Q: How do I get a ND teaching license if I earned a degree in education outside of ND?

A: We encourage anyone who completed teaching degree outside of ND to get a teaching license in the state where your degree was earned. This would enable you to then apply for an Other State Educator License (OSEL) and not have to meet ND standards (as you met the standards in the state the degree was earned.) If you are not able to get a teaching license in the state your degree was earned, then you will need to apply for an Out of State Reciprocal License

and you will need to meet ND standards. A license can be issued and you could have up to 4 years to meet ND requirements. .

Additional Training (Not Required In-Program)

Senate Bill 2048 mandates a mental health competency course for all initial licenses. Those graduating from a ND institution have this built into their preparation program. If you graduated outside of ND and have not met this requirement, it may be met by completing mental health professional development provided by a school district or other mental health agency. The requirement may also be met by completing a course in youth mental health offered through UND.

After completing this course please submit a letter from the school district documenting the professional development or an unofficial transcript from UND.

NDAC 67.1-02-02-07

Coursework in Native American studies, cultural diversity, strategies for creating learning environments that contribute to positive human relationships, and strategies for teaching and assessing diverse learners (e.g., universal design for

learning, response to intervention, early intervention, positive behavior interventions and supports) is required.

Specific Coursework	Wisconsin standards are aligned with CAEP (and relevant SPA) standards.

Wis. Adm. Code § PI 34.040 (g) Out--of--state program. The applicant meets all of the following requirements: 1. Completed an out--of--state educator preparation program that meets all of the following requirements: a. Is approved by the state education agency of the state in which it is located. b. Is comparable to an approved program, including student teaching experience. 2. Received an institutional endorsement from the preparation program. 3. Demonstrated content knowledge by meeting the requirements under s. PI 34.021 (1) (c). 4. Demonstrated pedagogical knowledge, as required under s. PI 34.021 (1) (d).

Wis. Adm. Code § PI 34.002 Except as otherwise provided in this chapter, to receive a license to teach under subch. VI, an applicant shall complete an approved program and demonstrate proficient

performance in the knowledge, skills, and dispositions in all of the following: (1) PUPIL DEVELOPMENT. The teacher understands how pupils grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas. The teacher designs and implements developmentally appropriate and challenging learning experiences for pupils. (2) LEARNING DIFFERENCES. The teacher uses his or her understanding of individual pupil differences and diverse cultures and communities to ensure inclusive learning environments that enable each pupil to meet high standards. (3) LEARNING ENVIRONMENTS. The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self--motivation. (4) CONTENT KNOWLEDGE. The teacher understands the central concepts, tools of inquiry, and structures of each discipline he or she teaches. The teacher creates learning experiences that make the discipline accessible and meaningful for pupils to assure mastery of the content. (5) APPLICATION OF CONTENT. The teacher understands how to connect concepts and use differing perspectives to engage pupils in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues. (6) ASSESSMENT. The teacher understands and uses multiple methods of assessment to engage pupils in their own growth, to monitor pupil progress, and to guide the teacher's and pupil's decision making. (7) PLANNING FOR INSTRUCTION. The teacher plans instruction that supports every pupil in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross--disciplinary skills, pedagogy, pupils, and pupils' communities. (8) INSTRUCTIONAL STRATEGIES. The teacher understands and uses a variety of instructional strategies to encourage pupils to develop a deep understanding of content areas and their connections, and to develop skills to apply knowledge in a meaningful way. (9) PROFESSIONAL LEARNING AND ETHICAL PRACTICE. The teacher engages in ongoing

professional learning. The teacher uses evidence to continuously evaluate the teacher's practice, including the effects of the teacher's choices and actions on pupils, their families, other educators, and the community. The teacher adapts the teacher's practice to meet the needs of each pupil.

(10) LEADERSHIP AND COLLABORATION. The teacher seeks appropriate leadership roles and opportunity in order to take responsibility for pupil learning, to collaborate with pupils, their families, educators, and the community, and to advance the profession.

Demonstration of Knowledge through Coursework Courses which demonstrate knowledge of the U.S. Constitution must cover U.S. History prior to 1865 and include the study of the Constitution. Political Science courses may be counted if the coursework included study of the Constitution. If there are questions about the content of the curriculum, PTSB may require an applicant to submit course descriptions. Graduates from a Wyoming Community College or the University of Wyoming have completed this coursework, however must have passed the course with a "C" or higher.

When submitting your application packet, please highlight the courses which meet the requirements of constitutional study on your official college transcript.

Demonstration of Knowledge through Examination

If you have not completed coursework to meet the requirement of the U.S. and Wyoming Constitution Study, you may demonstrate knowledge through an

exam. PTSB has created two multiple-choice exams (20 questions each), which may be taken at any Wyoming school district administration office, or you may request to have our digital exams sent to you via email. To obtain the exams(s) digitally through PTSB, please send an email to wyoptsb@wyo.gov, and be sure to include which exam(s) you will need to take in your email request. Please note that the digital exams are scored automatically. If you do not pass the exam(s), you will need to send another request to wyoptsb@wyo.gov. Please see the links to the study guides below.
