

RISE

With Kansas Wesleyan and USD 305

The RISE scholarship is an agreement between KWU and USD 305, designed to help stand in the gap of the area's teacher shortage.

The scholarship is designed for academically high-achieving transfer students from historically underrepresented ethnic groups.

Qualified students can earn up to \$27,500 per year in financial aid!

Upon graduation and meeting all certification requirements, the student will be offered a teaching position in USD 305, as well as loan forgiveness of \$5,000 per year for each year that they remain in the district.
