

On behalf of Kansas Wesleyan University, I would like to welcome you to the Coyote Pack! In preparation for your arrival to campus, you will need to complete and submit participation forms required by Student Development and KWU Athletics.

The required forms are available via Vivature, an online database to collect and secure your personal medical information throughout your time as a student.

The Vivature software system allows key personnel within Student Development and Sports Medicine to access your information in the event of an emergency or athletic injury.

Once you have registered, a member of our team will need to approve the registration. You will then receive your login ID and temporary password via your KWU email. Please allow 24 hours for this to occur. If you have not received your information after 24 hours, please email Nathan Morrison at nathan.morrison@kwu.edu.

Participants in intercollegiate sports at KWU are **required** to fill out Vivature forms A-F.

Those registering as “student” only need to fill out forms A (Health History), B (Immunization Records) and E (TB Screening).

Complete directions can be found at www.kwu.edu/accepted-next-steps/.

I look forward to meeting you! If you have any questions, feel free to contact me at the information below.

Sincerely,

A handwritten signature in black ink, appearing to read "Nathan Morrison", is written over a light blue horizontal line.

Nathan Morrison
Assistant Athletic Director for Sports Medicine, Head Athletic Trainer
